New Ipswich N.H. January 16th 1841

Friend Garrison

In behalf of the Hillsborough County Anti Slavery Society, I would solicit your attendance at the 4th annual meeting of our Society, to be held in this place on Wednesday & Thursday, the 28 & 29 inst— Several of our State agents and other prominent friends of the Cause are expected to be present— I am aware the meeting of your State Society may detain you at home, & perhaps draw from us the attendance of J. Brothers, Rodgers & Wright, who with some degree of confidence we hope will rally at our meeting and with their giant strength help raise aloft the proud banner of liberty and freedom—

The cause in which we are engaged demands our unitice effort, & pass without, and I am sorry to say it, a litigious spirit so manifest among many we have been accustomed to consider efficient Coworkers, should constrain us to redoubled efforts, to gird on our armor still closer, & prosecute the holy warfare even to the extermination of an enemy— the bitterest foe to many

Yours for freedom & humanity— Reuben K. Gould, Secy
of Comte of arrangements
